fast + easy

Inspiro is a waterproof wall covering with a unique installation method that eliminates the need for time-consuming demolition work, as the panels can be glued, nailed, or stapled directly onto existing wall surfaces without drying time, grouting, or any mess from tile adhesive or grinders

new build or renovation

warm feel

cozy touch

Create a sense of calm and harmony in every room. Inspiro gives your wall a natural look. In addition, the panels feel pleasant and warmer than ceramic tiles. The subtle tile joint can be seen and felt. Or choose the Inspiro XL (90 x 260 cm) and give your project a sleek new look in no time

INSTALLATION & FINISHING

Inspiro is a waterproof wall covering with a unique installation method, suitable for both renovation and new construction.

No mess or hassle with tile adhesive or grinders. Inspiro can be glued directly onto an existing tiled wall. Use a high-quality, fast-curing adhesive and easily finish corners and edges with our various aluminium finishing profiles

Thin, yet packed with technical ingenuity. Our tiles and panels are made of a protective PU top layer, a multicoloured film with a realistic print, a high-quality intermediate stability layer, and RCB® technology. Fully produced in Belgium – the perfect foundation for lifelong comfort.
